# daybed

Designed to fit into poorly-utilized spaces, our daybed is the perfect solution for smaller patient rooms, as it makes the most of every square inch. The standard sleep surface is 30" x 80" however, as always, our ability to customize means you can specify whatever length you want!

Available in 3 different drawer face styles to complement Stance's offering of patient room case goods.

Inside drawer dimensions are 19" x 24" x 7" deep – ample storage space!

Choose from our seven standard finishes and thousands of graded-in healthcare fabrics and vinyls. But don't stop there... we are always open to special laminates colors and/or COM fabrics.

\* Shown in Kindred series drawer fronts
